

BrandShield

From Brand Protection to Online Threat Hunting

We detect online threats.

We take them down.

BrandShield detects and hunts online threats: Phishing attacks, fraud, executive impersonations, brand abuse and more.

”

With BrandShield we are able to optimize our resources and reaction time...”

*Hannes Tribelnig,
KTM Sportmotorcycle*

”

The analytical capabilities of BrandShield allow our team to locate the most damaging online problems for New Balance at any given time.”

*Dan McKinnon
New Balance Athletic Shoe, Inc.*

”

Easy to use and cost effective, this is the best tool out there...”

*Marcus Jaeger
Swisscom*
